Quiet Long-Life Touring SUV Tyre

It's time for a change

Toyo Tires enables you to move better; our Japanese roots gives you the latest in mobility both on and off the road. But that's just the beginning. What Toyo really does is empower you to move confidently to new and bigger things, to make a change for the better. Just ask those who have. You see, tyres are not just a part of your vehicle. We believe that what you put on the outside of your car, matters to those on the inside. This is why we make **tyres for drivers**, not cars.

Make your *move*.

TOYO TIRES[®]

Add a touch of class to your trip with the **Open Country Q/T**, a quiet-touring tyre that provides premium performance, exceptionally long tread life and a level of comfort that suits even the most luxurious CUVs and small-to-medium SUVs. Building on the strengths of the popular Versado CUV, this long-wearing touring tyre handles the unique demands of compact SUVs with poise and grace, encouraging confidence with strong all-weather grip.

Features & Benefits

Advanced asymmetric tread design

Tight centre tread spacing maintains stability during cornering, braking and acceleration while contrasting shoulder designs provide traction in all conditions

Silent Wall™ technology

Textured groove edges provide a quieter ride by disrupting air flow to reduce pipe resonance

Circumferential grooves with lateral slits

Deep, wide water-evacuation pathways channel water away from the tread blocks to maintain contact with the road surface and provide strong wet weather performance

Multi-wave sipes

Small, varied slits throughout the tread improve braking on wet and dry roads while combatting irregular wear across the life of the tyre for a smooth, quiet ride
